

Jessica Legge Muilenburg, Ph.D.
Department of Health Promotion and Behavior
College of Public Health
The University of Georgia
E-mail: jlm@uga.edu

Education

- PhD **University of Alabama at Birmingham**, School of Public Health
2004 Concentration – Health Promotion and Behavior
 Dissertation: *Antecedents and outcomes of self-identification of smoking status in adolescent smokers*
- MPH **Emory University**, Rollins School of Public Health
2000 Concentration – Behavioral Science
 Thesis: *Homeless women veterans and their perception of mental healthcare services within the VA*
- ABJ **University of Georgia**, Grady College of Journalism, Public Relations
1998

Administrative Positions

2025- Current

Associate Vice President for Research, Office of Research, University of Georgia, Faculty Affairs and Campus Engagement

Provide strategic leadership and support to the campus research community, advising faculty and administrators on research personnel policies and best practices. Oversee policies and procedures related to the hiring, promotion, and professional development of research scientists and postdoctoral scholars. Manage visiting research scholar registration processes and agreements in compliance with university and regulatory requirements. Lead key engagement initiatives to strengthen the research environment and enhance faculty experience. Coordinate internal and external faculty award programs, increasing visibility and recognition of research excellence. Serve as a primary liaison for centers and institutes reporting to the Vice President for Research, ensuring alignment with institutional priorities. Collaborate cross-functionally with faculty, staff, and senior administrators to advance strategic research initiatives and institutional goals.

2019 – 2024

Assistant Dean for Strategic Planning and Assessment, University of Georgia, College of Public Health

Senior leadership for the College of Public Health working on strategic initiatives, accreditation materials and processes, awards and honorifics, and assessment. Ensured that accreditation goals and deliverables worked within the system at the University, as

well as for the Council on Education for Public Health. Verified that competencies met the criteria needed for the Office of Instruction, the Graduate School, and whatever was required for the Southern Association of Colleges and Schools Commission on Colleges accreditation.

2012 – 2024

Graduate Coordinator, Health Promotion and Behavior

Oversaw the administration and strategic coordination of the doctoral program, including admissions, onboarding, and academic progress monitoring. Provided guidance to faculty on advising practices and supported the development of individualized programs of study. Managed student funding processes and addressed complex student issues, including conflict resolution. Collaborated with peer institutions to strengthen recruitment initiatives and enhance the program's visibility. Worked across the UGA system to promote doctoral student success and retention. Contributed strategic insight into best practices for graduate recruitment, admissions, and program development, and advocated for student access to funding and competitive awards.

2022 – 2023

Interim Department Head, Health Promotion and Behavior

Stepped into an interim leadership role to ensure continuity during a departmental transition while maintaining responsibilities as both a college administrator and graduate coordinator. Sustained consistent administrative operations throughout the search and onboarding of new leadership in 2023. Managed departmental budgets and resources, conducted annual evaluations for faculty and staff, coordinated and finalized course schedules, resolved conflicts, and oversaw promotion and tenure processes for multiple faculty members.

Academic Positons

2020 – Present	Professor , University of Georgia, College of Public Health, Department of Health Promotion and Behavior
2011 – 2019	Associate Professor , University of Georgia, College of Public Health, Department of Health Promotion and Behavior
2006 – 2011	Assistant Professor , University of Georgia, College of Public Health, Department of Health Promotion and Behavior
2004 – 2006	Assistant Professor , University of Mississippi Medical Center, Department of Preventive Medicine

Fellowship

2000 – 2004	Cancer Prevention and Control Training Program, Pre-Doctoral Fellowship, National Cancer Institute, University of Alabama at Birmingham
-------------	---

Awards and Honors

2023	Dean's Award for Outstanding Contributions to Graduate Education, Graduate School, UGA
2022	Student Career Success Influencer Award, UGA
2017	College of Public Health, Excellence in Service Award
2013	Delta Omega
2012	Early Career Award, American Public Health Association, Public Health Education and Health Promotion Section
2009	College of Public Health Excellence in Teaching Award
2008-2010	Lilly Teaching Fellowship, University of Georgia
2007-2008	Service-Learning Fellowship, University of Georgia

Funded Grants and Contracts

Funding Agency:	R01AA025954, NIH/National Institute on Alcohol Abuse and Alcoholism
Title	<i>Understanding Relapse and the Impact of Social Networks and Geographic Settings During Treatment for Alcohol-Related Problems</i>
Role	Muilenburg/Kershaw (Multiple PI)
Amount	\$3,990,112
Years	2018-2024
Description:	The goal of this study was to investigate the intersection of social networks and environments on those entering treatment for alcohol-related problems and recovery.

Funding Agency: R01AA025954-05S1, NIH/National Institute on Alcohol Abuse and Alcoholism
Title Diversity Supplement— *Identifying High-Risk Situations through Human Spatial Behavior and Cognitive developmental Cues and Triggers in Relapse Prevention*
Role Mentor, LaDrea Ingram, PhD, Associate Research Scientist, Yale University
Amount \$156,955
Years 2021-2024
Description: The goal of this study was to employ a cognitive mapping framework to explore the development and acquisition of spatial behavior and how these behaviors interact with relapse and treatment engagement outcomes.

Funding Agency: Resilient Georgia, Inc.
Title *Artificial Intelligence to Improve Mental Health Among College Students: A Randomized Controlled Trial*
Role Investigator, (Thapa PI)
Amount \$150,000
Years 2020-2021
Description: This study assessed the implementation of the X2 Chatbot on mental health among college students

Funding Agency: Georgia Department of Public Health
Title Tobacco-Free School Policy
Role Muilenburg, PI
Amount \$35,893
Years 2017-2018
Description: This study used the current Georgia Tobacco-Free School Policy evidenced-based strategy for preventing youth tobacco use to develop and champion a pre-adoption education campaign that would educate key decision-makers about the science behind the policy, as well as the community benefits of its adoption.

Funding Agency: R01DA028188, NIH/National Institute on Drug Abuse
Title *Improving Effectiveness of Smoking Cessation Interventions and Programs in Low-Income Adult Populations*
Role Muilenburg/Eby (Multiple PI)
Amount \$3,332,078
Years 2010-2016
Description: This study investigated the adoption, implementation, and sustainability of evidence-based smoking cessation services and how these services are implemented by counselors.

Funding Agency:	Caribbean Public Health Agency
Title	<i>A quasi -experimental investigation into using text messaging and printed leaflets to deliver simple habit-based advice for weight control</i>
Role	Mentor and Major Professor, (Elizabeth Serieux, student PI)
Amount	\$50,000
Years	2015-2017
Description:	This study was a Quasi -experimental investigation into using text messaging and printed leaflets to deliver simple habit-based advice for weight control.

Funding Agency:	1F31MH093283-01 , NIH/National Institute f Mental Health
Title	<i>Sexual Partnerships Among African American Women</i>
Role	Mentor and Major Professor (Teaniese Latham Davis, student PI)
Amount	\$46,892
Years	2010-2012
Description:	This study conducted a mixed methodology examination of the context of concurrency among African American young women, using semi- structured interviews and computerized surveys.

Funding Agency:	R01DA026291, NIH/National Institute on Drug Abuse
Title	<i>Understanding the adoption and implementation of tobacco-free regulation in substance abuse treatment centers</i>
Role	Investigator, (Eby PI)
Amount	\$1,226,095
Years	2009-2013
Description:	This project studied the effects of the OASAS Tobacco-Free regulation by collecting data from a convenience sample of treatment provider programs in New York State.

Funding Agency:	US Department of Health and Human Services though
Title	<i>Evaluation of Communities in Schools of Georgia Adolescent Family Life Demonstration Program</i>
Role	Investigator, (Harnish PI)
Amount	\$2,100,000
Years	2008-2010
Description:	This study collected information on abstinence-based education in the state of Georgia and the impact on sexual behaviors in middle and high school students.

Funding Agency:	University of Georgia Research Foundation
Title	<i>Adolescents in the Workforce: An Investigation of the Prevalence and Correlates of Risky Behaviors of Working Teens</i>
Role	Muilenburg (PI)
Amount	\$11,217
Years	2007 – 2008
Description:	This study investigated differences in risky behaviors of teens that work versus those who did not.
Funding Agency:	Mississippi Department of Mental Health
Title	<i>State Epidemiological Outcomes Workgroups Program. Investigated substance use across the state of Mississippi</i>
Role	Investigator, (Meydrech PI)
Amount	\$600,000
Years	2006 – 2008
Description:	This was a study that monitored trends in substance use and mental health through the use of existing surveillance systems.
Funding Agency:	American Cancer Society/University of Mississippi Medical Center
Title	<i>Correlates of smoking behavior in African American adolescents</i>
Role	Muilenburg (PI)
Amount	\$25,000
Years	2004-2006
Description:	This study investigated the influences of those adolescents who smoked cigarettes, and those who did not.
