 College of Public Health
 The University of Georgia

Aug 2013-Present Member, Undergraduate Education Committee
 College of Public Health
 The University of Georgia

TEACHING EXPERIENCE

Courses Taught:

Aug 2012-Present Elementary Biostatistics (BIOS 2010)
 Department of Epidemiology & Biostatistics
 College of Public Health
 The University of Georgia
 Athens, GA 30602

Jan 2013-Present Intermediate Biostatistics (BIOS 3000)
 Department of Epidemiology & Biostatistics
 College of Public Health
 The University of Georgia
 Athens, GA 30602

Curriculum Development:

Fall 2012 Developed new undergraduate course (BIOS 3000) called “Intermediate Biostatistics.” The course is designed to introduce students to intermediate statistical concepts with applications in health and life sciences. Topics include one- and two-factor analysis of variance, simple and multiple linear regression, categorical data analysis (tests of general association, measures of association, assess and control for confounding and interaction in 2x2 tables, etc.), simple and multiple logistic regression, topics in clinical trials, and survival analysis.
